

“Life Line Screening saved my sister’s life.”

Michelle Acquista

Age: 59

Symptoms: None

Results: 98% blocked carotid artery

“I am so thankful that the screening caught that blockage and saved my sister’s life. I am now passing this information to everyone and getting all my family and friends to go.”

Patrice Falls – Blacklick, OH

- Life Line Screening uses painless ultrasound (sonogram) to see the plaque build-up in your arteries—a leading cause of stroke.
- 80% of strokes can be prevented.*

LIFE LINE  SCREENING[®]
The Power of Prevention

We Can Help You Avoid a Stroke

Trusted by Hospitals Nationwide

Life Line Screening has screened over 6 million participants and has partnered with hospitals across the country. Why? Because the ultrasound screenings that we offer can help save your life.

1 Stroke/Carotid Artery Screening

Ultrasound evaluation of the carotid arteries that screens for buildup of fatty plaque – the leading cause of strokes.

2 Heart Rhythm Screening (Atrial Fibrillation)

A quick and easy test using EKG electrodes placed on the arms and legs to identify the presence or absence of an irregular heartbeat at the time of the screening.

3 Abdominal Aortic Aneurysm Screening

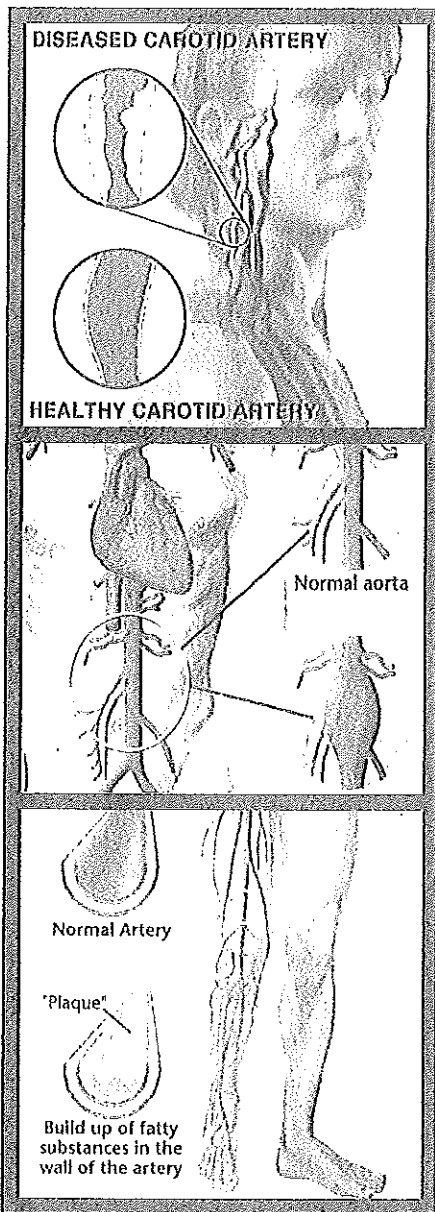

Ultrasound is used to screen for the presence of an aneurysm in the abdominal aorta that could lead to a ruptured aortic artery.

4 Peripheral Arterial Disease Screening

Evaluates for peripheral arterial disease (plaque buildup) in the lower extremities. It is 4-5 times more likely you will die from heart disease if you have peripheral arterial disease.

5 Osteoporosis Risk Assessment

An ultrasound measurement of the heel bone to determine abnormal bone mass density. Osteoporosis is painless and silent in its early stages.

**Get ALL 5 screenings for only \$149,
a savings of \$126**

Life Line Screening uses only advanced colorflow ultrasound technology and experienced highly skilled technologists. Screening results are provided to you within 21 days after physician review. Life Line Screening is dedicated to providing the highest quality imaging technology at an affordable rate. Our mission is to make people aware of an undetected health problem and encourage them to seek follow-up care with their physician. Life Line Screening offers a convenient, affordable, confidential and accurate way for men and women to monitor their health. If a significant finding is noted through the screening process, you will take the report to your physician who can then order further testing and give consideration for treatment.

Appropriate modification of stroke risk factors (including high blood pressure, smoking, heart disease, diabetes and poor diet) is also necessary for stroke prevention. Our screenings cannot detect all forms of stroke. All tests are for screening purposes only. You should consult with your personal physician regarding your screening results.

Insurance Note: Life Line Screening does not participate in the Medicare program and the cost of our screening services is not covered or reimbursable by Medicare. Life Line Screening does not file insurance claims and the cost of our screening services is your responsibility.

Screenings in California are provided by Life Line Mobile Screening, a professional physician practice.

Screenings in Kansas are performed by Life Line Screening on behalf of Life Line Screening Physicians, P.A.

Screenings in New Hampshire, New Jersey and New York are performed by Life Line Medical Screening, LLC (Dr. Andrew Manganaro, 70 Niagara Street, Buffalo, NY 14202). Life Line Screening does not engage in the practice of medicine in those states. This information is not intended to induce referrals by Life Line Screening to Life Line Medical Screening, LLC for any professional medical services.

Texas Residents: Physician authorization is required. A life Line Screening affiliated physician will provide authorization for you if you qualify. If a potentially life-threatening condition is discovered you will promptly receive your results after physician review.

Cancellation Policy: A full refund is issued if you call to cancel at least 2 days prior to your appointment. If less than 2 days notice is given, we will issue a Gift Card for the full amount to be used by you, or anyone you choose, to purchase future screening services.

Checks and credit cards accepted when you pre-register by phone.

A additional fees may apply without pre-payment. www.LifeLineScreening.com/community-partners
