

DOTLOOP FOR THE BEGINNER

OCTOBER 21 | 9AM | OABR EDUCATION CENTER

WHAT IS DOTLOOP?

Navigating through the dashboard and searching for loops, creating loops, naming loops, loop labels and how they work, the importance of the details, adding documents to the loop, auto filling documents, and more!

WORKING WITH CLIENTS

Working with clients using best practices to get your client familiar with dotloop before making an offer; sharing signatures and authorization settings, how to host an in-person signing, and more!

ADVANCED DOTLOOP USER

OCTOBER 21 | 10:30AM | OABR EDUCATION CENTER

ADVANCED DOTLOOP

Learn to create personal, auto-fill templates as well as templates using group copy and auto calculations, working with placeholders and asking for reviews, editing, adding, and sharing mobile documents, and more!
