

A secret shopper scam is circulating among members. Emails purporting to be from the Nebraska REALTORS® Association promoting a job opening as a secret shopper are scams.

If you click on the link in the email, you will be given information about a secret shopper opportunity. You will be offered a check and told to wire money back. One member informed us that she obtained a check for \$995 from American Heritage Bank and grew suspicious. Her bank informed her that the check was a fake and if she deposited the scammers would be able to gain access to her account information.

Here is an example of an email received by a member.
